

Tour Information for ***Picasso, Braque and Early Film in Cubism***

The gallery is pleased to announce that ***Picasso, Braque and Early Film in Cubism*** will be on view at 32 East 57th Street from April 20 to June 23, 2007.

This will be PaceWildenstein's seventh exhibition devoted to Picasso. Due to security requirements and the number of paintings we will have on loan from museums, we must request that all groups make advance reservations to view the exhibition. Group tours will be scheduled on Mondays.

Please contact the Public Relations Department at 212-421-8987 to schedule a date and time for your group visit. We anticipate a large number of group requests so please book your tour early.

Thank you for your continued interest in our exhibition program.
